"People And Places"

Do you feel me?
Do you feel me?
Do you feel me?

Do you see the faces
'Round and 'round the places?
Are they people that you want to know?

Do you see the faces
Runnin' 'round to different places?
Are they people that you want to know?

Yes, I see their faces one by one
Yes, I see their joy and sadness
Every single face there lies a trace
Of sadness felt before

Do you feel me?
Do you feel me?

Do you see the faces
Runnin' 'round to different places?
Are you people that we want to know?

We're the people
Goin' 'round and 'round to difference places
You're the people that we want to know

Yes, you are the ones
You are the ones
Every word I say
I say, "True, yeah, true"
Every single face there lies a trace
Of sadness felt before

Take a ride on a rocket
Take your mind, unlock it
You all know we can do it
If you put your mind to it

Take your life as you feel it
Let no one deceive it

You all know we can do it
If you put you're mind to it

Yes, I've seen
Yes, I've seen these lonely lonely places
Are we people that you want to know?

Smilin' faces with long lasting traces
You're the people that we want to know
You're the people that we want to know
You're the people that we want to know

So, take a ride on a rocket
Take your mind, unlock it
You all know we can do it
If you put your mind to it

Take your life as you feel it
Let no one deceive it
You all know we can do it
If we put our minds to it
