Caught up in the daily grind.
Hard to find some peace of mind 'round here lately.
Try to escape the beaten path.
Don't need the wrath of the world.
It just drives me crazy ooh crazy.
... Need something to look forward to alone with you.
I still get lost in you baby.
It's always you baby.

Desire that comes together like primitive animals.
We've got something sacred.
You've become my ritual.
Our spirits feed each other.
We never get our fill.
Hungry for your sweet religion.
You've become my ritual.

When I'm with you all time stands still.
I find the will and pressure just doesn't phase me.
You more than take my breath away.
You captivate... we levitate... you amaze me.
Ooh baby

Desire that comes together like primitive animals.
We've got something sacred.
You've become my ritual.
Our spirits feed each other.
We never get our fill.
Hungry for your sweet religion.
You've become my ritual.
My ritual

I want you baby.

Celebrate the love we found.
You make my world go round.
In your arms where I belong.
Make sweet love all night long.
All night long.

You're all I see.

Heaven's here with me.
In this time alone.
Set my spirit free.
Free

Desire that comes together like primitive animals.
We've got something sacred.
You've become my ritual.
Our spirits feed each other.
We never get our fill.
Hungry for your sweet religion.
You've become my ritual.
My ritual
