It's been forty days since I heard from you this waiting
game...
You put me through
I feel the silence... killing me... day to day
Losin' hope, I lose myself, it's got me thinkin' there's
someone else
We need to talk... you give me metaphors, by the way...
What are you tryin' to say

Tryin' to not think about you
I'm not a dead man walkin' without you
You know I'll be alright
I'm showing signs of life

You left me barley breathin'
I've had time for the healing
Now I've opened my eyes
I'm showing signs of life

Lyin' next to me... were you ever mine
Just wasted love and wasted time
Did you ever find what you were lookin' for,
The nights you took me breath away
I'll miss your love... miss your touch, but this holdin' on
it hurts too much
Now it's my time to walk away... I'll be okay

Tryin' to not think about you
I'm not a dead man walkin' without you
You know I'll be alright
I'm showing signs of life

You left me barley breathin'
I've had time for the healing
Now I've opened my eyes
I'm showing signs of life

Well, tell your friends that you stole my heart
But you'll never got a piece of my soul
You took my love, tore my life apart
There's more to me than you'll ever know...

Tryin' to not think about you
I'm not a dead man walkin' without you
You know I'll be alright
I'm showing signs of life

Tryin' to not think about you
I'm not a dead man walkin' without you
You know I'll be alright
I'm showing signs of life

You left me barley breathin'
I've had time for the healing
Now I've opened my eyes
I'm showing signs of life

Seeing signs of life...
