Someday soon  
Someday soon

Seasons were made for the change  
You will be there  
Just like the night to the day  
Without a care  
The dark goes before the dawn  
Open up your eyes

Someday soon  
Ooo, there'll be a better day  
And someday soon  
Yes, it's not too far away

Someday soon  
Ooo yeah, with open skies  
And someday soon  
All we can do is try

The cloudiest day comes around  
You will be there  
All of the feelin's you've found  
Without a care  
So my friends, you take a look  
Don't you look too far

Someday soon  
Ooo yeah, with open skies  
And someday soon  
All we can do is try

Someday, someday  
Someday soon  
Someday, someday soon  
Someday, someday soon

Someday soon  
Someday soon  
Someday soon  
Someday soon
