Opened my eyes to a new kind of way
All the good times that you saved

Are you feeling, you feeling that way too?
Or am I just, am I just a fool?

Please, let me stay
Just another day
Please, let me stay

Opened my eyes to a new kind of way
All of the good times that you saved

Are you feeling, you feeling that way too?
Or am I just, am I just a fool?

When the summer's gone
She'll be there standing by the light
What she's been to, where she's gone to
She should know wrong from right

Is she feeling? Are you feeling, you feeling that way
too?
Or am I just, am I just a fool?

A new road's waiting, you touched my life, oh
Soft and warm on a summer's night
You're the only one, I told you, the only one I love
The lovely one, I'm thinking of

When the summer's gone
She'll be there standing by the light
What she's been to, where she's gone to
She should know wrong from right

Is she feeling? Are you feeling, you feeling that way
too?
Oh yeah, yeah, yeah, feeling that way

When the summer's gone
She'll be there standing by the light
What she's been to, where she's gone to

She should know wrong from right
Is she feeling?

Oh, is she feeling?
Oh, my my, oh
Oh, oh, woah
My my my my my my my my my woah
Oh, oh
