Was it the words she said or was it all in the way
In which the lady said them?
Her eyes that spoke to me were sending my heart
A thought so deep I can't forget them

I guess it wasn't the right time or the place
For love right then
But we met destiny and it sealed our fate
We'll meet again
(We will meet again)
I know we will
(We will meet again)
On my heart it's written
(We will meet again)

Somewhere, someplace, somehow I'll find her
That then as I did now, just for a moment
And I will hear the wind that told me
I will return again my love have patience

Life's a circle, it all comes back around
So until then
I'll be waiting for you knowing somehow
We'll meet again
(We will meet again)
I know we will
(We will meet again)
On my heart it's written
(We will meet again)

If she were standing in a crowd
She'd be the one that I would find among the faces
And if the music was too loud
It'd be her voice that I would hear above it all
Ho oh I know I will
(We will meet again)
I know we will
(We will meet again)
Woah woah ho

If she were standing in a crowd
She'd be the one that I would find among the faces

And if the music was too loud
It'd be her voice that I would hear above it all
(We will meet again)
Ho oh I know I will
I know we will
(We will meet again)
On my heart it's written
(We will meet again)
From this day till
(We will meet again)
We'll meet again
(We will meet again)
We'll meet again
(We will meet again)
