I've been hanging around
Checking out my sound
Now I'm ready to go

I've got you in my sights
I'm gonna rock you tonight
And I want you to know

That every time I see you
I feel so alive
So come with me
We're gonna set this place on fire
Set it on fire, set it on fire

Hey, hey, hey, hey
I'm gonna take you higher
Hey, hey, hey, hey
I'll be your desire
I'll be your desire

The sun leaves the sky as the moon sits high
On a beautiful night
I didn't catch your name
I'd love to see you again
Would that be alright?

That every time I see you
I feel so alive
So come with me
We're gonna set this place on fire
Set it on fire, set it on fire

Hey, hey, hey, hey
I'm gonna take you higher
Hey, hey, hey, hey
I'll be your desire
I'll be your desire

Summer kisses in the rain
Pretty flowers washed away
We can be as one today

And I'll be your desire

Hey, hey, hey, hey
I'm gonna take you higher
Hey, hey, hey, hey
I'll be your desire
I'll be your desire
