Lying in my bed i hear,  
The clock tick and i think of you,  
Caught up in circles,  
Confusion is nothing new,

Flash back to warm nights,  
And those left behind,  
Suitcase and memories,  
Time after

Sometimes, you picture me  
I'm walking to far a head  
You calling to me, and I can't hear  
Just what you've said,  
And you say go slow,  
I fall behind,  
The second hand unwinds

If you're lost and you look and you will find me,  
Time after time  
If you fall i will catch you I'll be waiting,  
Time after time

If you fall i will catch you I'll be waiting,  
Time after time  
Time after time

After my picture fades, darkness has turned to grey,  
Watching through windows, you're wondering if I'm ok,  
Secrets for so long,  
From deep inside,  
The drum beats out of time,

If you're lost and you look and you will find me,  
Time after time  
If you fall i will catch you I'll be waiting,  
Time after time  
If you fall i will catch you I'll be waiting,  
Time after time  
Time after time  
Time after time  
Time after time
