Wanting so bad to enjoy life to the full  
But it seems fear has grip on my being and there's no  
air to breathe  
Slowly suffocating drowning in sand

I will have died knowing nothing  
Except that once I'm through that door there'll be no  
turning back

(Ante mori - Momento mori)  
Peel the life away from me  
Feeling as my world's come undone  
(Ante mori - Momento mori)  
Peel the life away from me  
Slowly learning: All shall die

As I lie down to rest for that last time  
I will take my final breath  
Knowing only truth in life is pain

There's no turning back  
It's true as they say...  
There's no turning back  
At the end of the day...  
There's no turning back  
One day older and a step closer to death

(Ante mori - Momento mori)  
Peel the life away from me  
Feeling as my world's come undone  
(Ante mori - Momento mori)  
Peel the life away from me  
Slowly learning: All shall die

Death is in all that lives and she will always win  
Offering you her cold hand  
Look close in the mirror to see her empty grin  
Your hour glass is out of sand

I will have died knowing nothing  
Except that once I'm through that door there'll be no  
turning back

(Ante mori - Momento mori)  
Peel the life away from me  
Feeling as my world's come undone  
Ante mori - Momento mori)  
Peel the life away from me  
Slowly learning: All shall die

There's no turning back  
It's true as they say  
There's no turning back  
At the end of the day  
There's no turning back  
One day older and a step closer to death

(Ante mori - Momento mori)  
Peel the life away from me  
Turns into nothing  
(Ante mori - Momento mori)  
Peel the life away from me  
Turn me into nothing

(Ante mori - Momento mori)  
Peel the life away from me  
Feeling as my world's come undone  
(Ante mori - Momento mori)  
Peel the life away from me  
Slowly learning: All shall die

(Ante mori - Momento mori)  
Peel the life away from me  
Feeling as my world's come undone - Turns into  
nothing  
(Ante mori - Momento mori)  
Peel the life away from me  
Slowly learning: All shall die - Turn me into nothing
