Give me your soul, help me fill this void, empty heart,
empty mind
I need a release, never had a shot at freedom
never gonna be free
all I have is your flesh, young warm fresh blood
still i'm always one step behind, so far away can't reach
the light

Lying in my tomb, waiting for my doom

I can't get rid of all my fears, can't hide no more, it's
time to act
the day I was born the sky turned red

Lying in my tomb, waiting for my doom
I let the evil take over and fill my heart again

You can see me all in your dreams,
i'm the one who pushes you off from a cliff,
hunts you down, makes you drown

I am all your nightmares, I'll be the last one to see you
alive

Destroy life
Destroy life
Destroy life
Destroy life

I have what it takes
to make the whole world burn

Give me your soul, help me fill this void, empty heart,
empty mind
I need a release, never had a shot at freedom
never gonna be free
all I have is your flesh, young warm fresh blood
still i'm always one step behind, so far away can't reach
the light

Lying in my tomb, waiting for my doom
I let the evil take over and fill my heart again

You can see me all in your dreams,
i'm the one who pushes you off from a cliff,
hunts you down, makes you drown

Destroy life
Destroy life
Destroy life
Destroy life
