The deeper the cuts the more alive we feel  
Re-enact the trauma of a world where all lies are alike  
Honestly, the war inside has won  
As I remember the deeds...  
You will remember my name

These lies are forming my nation  
This hate's much older than time  
These wounds are the start of mankind's last lesson  
I'm the last in line to rise

Do you believe?  
A lifetime deceived  
Do you believe?

(End Game)  
So let the end game begin  
End of all life form  
Wipe that slate clean  
So let the culling begin  
Genocide, one killing at the time

Watch the rise of the end of all

Humanity will never heal  
Recognize the signs of old evil slowly grown  
Possibly you could have stopped it all  
But like picking on scabs...  
All you can do is bleed  
(All you can do is to bleed)

These lies are forming my nation  
This hate's much older than time  
Feeding on your self-loath and tear-filled confessions  
I'm the last in line to rise

Do you believe?  
A lifetime deceived  
Do you believe?

(End Game)  
So let the end game begin

End of all life form  
Wipe that slate clean  
So let the culling begin  
Genocide, one killing at the time

Watch the rise of the end of all

Soul destroyer, killer of innocence  
I'm the downfall of man  
The end of all

Do you believe?  
A lifetime deceived  
Do you believe?

(End Game)  
So let the end game begin  
End of all life form  
Wipe that slate clean  
So let the culling begin  
Genocide, one killing at the time  
End of all
