Let the final genocide begin
evil against evil nobody wins
a higher consciousness does it exist?
business made out of human flesh
talking about your revolution
not acting at all, not caring at all

One more broken soul, one more down

Hell Blood Fire, we burn our victims alive
Hell Blood Fire, I won't resist, I won't get back
Hell Blood Fire, we burn our victims alive
Hell Blood Fire, I'll deny my life, suicide!!!

I wish I was dead, but I can't get rid of my dream
my body pumped full with lead, and then I would be
your hero

One more broken soul, one more down

Hell Blood Fire, we burn our victims alive
Hell Blood Fire, I won't resist, I won't get back
Hell Blood Fire, we burn our victims alive
Hell Blood Fire, I'll deny my life, suicide!!!

I got god in my heart, I got satan in my mind
cruel, cruel world go away, make them disappear

mass extinction, abomination, torture and war
no relief, no light at all

Let the final genocide begin
evil against evil nobody wins
a higher consciousness does it exist?
business made out of human flesh
talking about your revolution
not acting at all, not caring at all

one more broken soul, one more down

Hell Blood Fire, we burn our victims alive
Hell Blood Fire, I won't resist, I won't get back

Hell Blood Fire, we burn our victims alive
Hell Blood Fire, I'll deny my life, suicide!!!
