Are you scared of yourself?
Hiding your feelings, suppressing your hate,
denying your wish to die, locked up mind,
so afraid of the fire

Paralysed, choked on greed, co-existence in war

A diehard bloodbath in your heart, a wounded soul,
can't take no more, your life hangs so loose

Turn your back against life, say good-bye and enjoy
the light
never to come back, never to return

You can feel the pain of the universe,
your curse just won't go away

Facing death without dignity,
you've been punished for your sins over and over
again

Paralysed, choked on greed, co-existence in war

Turn your back against life, say good-bye and enjoy
the light
never to come back, never to return
You can feel the pain of the universe,
your curse just won't go away

Are you scared of yourself?
Hiding your feelings, suppressing your hate,
denying your wish to die, locked up mind,
so afraid of the fire

Paralysed, choked on greed, co-existence in war

Turn your back against life, say good-bye and enjoy
the light
never to come back, never to return

You can feel the pain of the universe,
your curse just won't go away
