Do you see the light, feel your soul slip away  
Time has come for pleasure destruction  
Do you feel the knife, life in pain is here to stay  
Just a void for life's misconstruction

Enjoy the decadence, (praise the hateful kind)  
A vulgar deformation of your twisted minds  
Destroy all good life, hail the ungrateful kind  
Worms of mass conception now all left behind

Just place yourself in line to die, you can't get away

I am god of all, Come follow  
I am god of all, Come follow (Follow me down)  
Bleed the weak, leave 'em all behind  
Crawling like maggots deaf, dumb and blind  
Obey God of it all...  
Subhuman

Reborn: The symptoms of horror nations  
Live to die. If you want to dream...  
Live a lie. The worlds ending declaration;  
Let 'em down... we're all fucked, to die!  
Ruled by incompetence erase the blissful mind  
Corruption of the feeble, blind follow blind  
Destroyed by the good life  
The ghosts of mass confusion all left behind

Just place yourself in line to die, you can't get away  
Just place yourself in line to die, you can't get away

I am god of all, Come follow  
I am god of all, Come follow (Follow me down)  
Bleed the weak, leave 'em all behind  
Crawling like maggots deaf, dumb and blind  
Obey God of it all...  
Subhuman

Just place yourself in line to die, you can't get away  
Resist those in power, fall in line for the total war and  
march out of time  
Just place yourself in line to die, you can't get away...

... Just place yourself in line

I am god of all, Come follow

I am god of all, Come follow (Follow me down)

Bleed the weak, leave 'em all behind

Crawling like maggots deaf, dumb and blind

Obey (Obey...) God of it all...
