Pure steaming terror, five decades of decadence,  
The throne has been conquered, divine power  
unleashed,  
With iron and chaos, I turn the land into glory  
Victory requires bloodshed, Spawned is the immortal  
elite

Totalitarian torture so sweet

Welcom to a living nightmare, where your life becomes  
unreal  
Throw away your hopes and dreams, I will feed your  
needs  
The weak and the useless, will be wiped out and  
forgotten  
Obey me or face the reality, enemies will be blown into  
infinity

I spread fear - I rape, ruin and desecrate,  
I spit venom - totalitarian torture so sweet

The masses shall follow their leader, praise the new  
world order  
Disgrace, misery and anguish, a call for the new  
messiah  
Down on your knees and pray, it's time for shotgun  
salvation  
Come forth the brigade of cruelty,  
Extinction in the name of the cross

Welcome to a living nightmare, where your life  
becomes unreal  
Throw away your hopes and dreams, I will feed your  
needs  
With iron will and chaos, I turn the land into glory  
Take my hand and follow me, and forever dwell in  
insanity

I spread fear - I rape, ruin and desecrate  
I spit venom - totalitarian torture so sweet

The masses shall follow their leader, praise the new

world order  
Disgrace, misery and anguish, a call for the new  
messiah,  
Down on your knees and pray
