You Can Try To Stop Me, Get In My Way  
But There's No Way You Can Beat Me  
No Use To Even Try

The Fear In Your Eyes Is What Keeps Me Alive

You Look Good In My Distorted Eyes  
Your Ripped Up Body, Burned And Out

A Pure And Holy Ripped Apart Soul

This Threat Is Real [x4]  
You Tried To Deny Me, You Tried To Control Me  
Come A Little Closer, And You're Soon To Be Dead  
Your Fear Shines Thru Brighter Than Ever  
You Thought You Knew Me, But Now It's Way Too Late

So Now Keep Your Distance, Stay Away From Me  
Or I Smash You Into The Fucking Asphalt...
