(Pep Love)

Yo, I'm a inner city guerilla  
Ducker and dodger  
Dipper into the shadows  
And bust a shot at ya  
Then call an ambulance  
To come and get ya  
And right when you get better  
I'mma come back and hit ya  
One more (gin?)  
You hear the bass rumblin  
Your men start fumblin the mic  
Stumblin over the cord  
Goodness gracious lord  
Soon as I speak your space gets  
Invaded, explored and exploited  
Pep Love, I'm one of the anointed ones  
Your boys got guns but they don't want it  
Cause you will never defeat the sun  
I'mma shine all day  
And you gonna miss me when I'm done  
I'll be back in fact  
To inflict a fracture  
Step into ya territory  
To commit an infraction  
Pass the spliff  
As I make the earth shift  
Like continental drift  
With one of my many gifts

Chorus:

I'm different  
Now what you want with that?  
I'mma give it to you  
Til you give it right on back black  
I'm different, open your eyes and see  
Me for who I am, that's who I'm gonna be

My voice is the instrument I implement  
As my weapon of choice

When I inflict it, I'm vindictive  
But not like ya bitches  
I just want the riches  
And to be granted my wishes  
My intricate flow is chock full of info  
That'll be beneficial if you listen close  
Folks, I'll put ya head out  
Like a cigarette butt  
But, you gonna rebut ya dead now  
Issue resolved  
Now you don't wanna get involved  
And all the bullshit  
You was talkin dissolve  
I'll bust a three pointer in ya face  
And say "Ah ah"  
I'm nasty, classy, fancy and fly  
Steadily advancing til I touch the sky  
Cause, you know how I do  
My view is bird's eye  
I'll ascend and then begin to blend  
A mind-bendin style  
As your nigga set trends

(Chorus)

Refrain:

Individuality, yes I stress it go  
Authenticity makes me fresh, ya know?  
This is me, I'm my own breed  
Who I am, who I'm gonna be

(Chorus)

I jam with my fam  
I do what I do because  
I know who the fuck I am  
We all give it our different personalities  
Points of view, perspectives on reality  
Don't hate cause you can't relate  
That's just how it be  
When you fuckin with heavyweights  
Distinguished gentleman with my pen, I'm a  
Genuine genius, flippin on you simpletons  
Never the norm, I weather the storm  
Use ridicule and criticism as fuel to perform  
When I'm warm it's bound to get hot and  
When it's on I'm down to lick shots, man  
I like to hike and rock the mic  
You might think you know me  
But I'm really not that type

I read, work out, fuck, and smoke weed  
And study on living my life holistically

(Chorus)

(Refrain)

(Chorus)
