"Hello"

When i saw you at the party
You were talking to a girlfriend
I just walked across the room
And said:"Hello!"

While we danced i felt your body
Touched your face
And dared to kiss you
When the song was over
I just couldn't let you go

Hey,hello! Be my darling!
Hey,hello! Be my girl!
Always wanted so much more than
Just a one night love affair

Hey,hello! Feel the magic
Hey,hello! In the air
I can give you so much more than
Just a one night love affair

Midnight hour in my apartment
I could feel your burning passion
When i loved you in the shadow of the night

You were living in the morning
But you promised you would call me
One more kiss
I'll see you soon
And then good bye!

Hey,hello! Be my darling!
Hey,hello! Be my girl!
Always wanted so much more than
Just a one night love affair

Hey,hello! Feel the magic
Hey,hello! In the air
I can give you so much more than
Just a one night love affair
