Touch by touch  
You're my all time lover  
Skin to skin  
Come under my cover

When I feel the time is right  
And you're staying by my side  
And the love you give to me  
Makes my heart beat  
When my fantasies fly away  
But my feelings make me stay  
I see the fire in your eyes  
It makes my heart beat

RefrÃ£o:

Do it, we still do it night and day  
You're my all time lover

Do it, we still do it in a way  
Like there is no other  
Touch by touch  
You're my all time lover  
Skin to skin  
Come under my cover

When my heart is full of love  
It makes me a turtle dove  
Love's a game that we play  
Night and day  
When our love is clear and bright  
It's our way to see the light  
There's a fire in our hearts  
Night and day
