Oh, what it is, man?
What's goin' on, man?
C'mon, man

She dissed me when she walked out the door
She kissed me, Louis Luggage on the floor
Gazin' plus the room was misty
I felt the slight urge tellin' me to wisen up
I can't provide her
She dead in the right, the don's a jiver

I lost the most powerful piece, my queen
Broke her heart in 66 ways for some b*** and schemes
The only thing she left was a rose
And left the Rolls in front of the buildin'
Now how the f*** my pain got exposed
Damn, what happened, man?

We done come to a point
Where it can't be denied no more
I don't even understand
What we're still in this for

I didn't mind the sacrifice
To keep our love alive
But somethin' died so long ago
Just can't be revived

There comes a time you gotta face the situation
And make a choice in life
We're caught up in a state of hesitation
And that just won't suffice

Don't get me wrong
I done thought this through
The way you hold me, used to console me
Now all I feel is the emptiness in you

What do I believe in, Heaven or Hell?
I don't believe in Heaven 'cause I'm livin' in Hell
And that's my life with you

What do I believe in, Heaven or Hell?
I don't believe in Heaven 'cause I'm livin' in Hell
And that's my life

Listen to me
You sang my praises everyday
You used to tell me how you needed me
I know how proud you were that day
I brought home my degree

But you had dreams and all I wanted
Was for you to see them through
And through it all, I forgot
That I once had dreams too

I should have had the sense to pay attention
'Cause somethin' told me to
The road to Hell is paved with good intentions
And Lord knows it's true

The years that I gave
Where they all in vain?
Used to adore me, now you ignore me
How could I know we would end up this way?

What do I believe in, Heaven or Hell?
I don't believe in Heaven 'cause I'm livin' in Hell
And that's my life
What do I believe in, Heaven or Hell?
I don't believe in Heaven 'cause I'm livin' in Hell
And that's my life with you

What hurts me most deep inside
Now that I'm lettin' go, you seem surprised
I watched your back for so many years now
You used to act like you were holdin' your career down

It's not the dreams I kissed goodbye
It's that we used to be a team and now we live this lie
What's past is past, now listen well
I'm leavin' your a*** 'cause I'm livin' in hell

What do I believe in, Heaven or Hell?
I don't believe in Heaven 'cause I'm livin' in Hell
And that's my life
What do I believe in, Heaven or Hell?
I don't believe in Heaven 'cause I'm livin' in Hell
And that's my life

What do I believe in, Heaven or Hell?
I don't believe in Heaven 'cause I'm livin' in Hell

And that's my life
What do I believe in, Heaven or Hell?
