...4!

Why must we be put down when we try to get away ?  
Why must we all grow up when we could just play and  
play ?

Good things in life are free,  
Can't buy everything - that's true.  
Only one thing wrong with that;  
What I don't buy I don't use.

Only thing I'm thinking of is why are we all here ?  
There must be more to do at nights than drinking  
rotten beer.  
The world's a very shady place, and you can't trust a  
soul.  
"grin and bear it" seemed the thing,  
When it just gets a hold.

At a later date, I come out a fright.  
At a later date, I hope that you're alright.

Human beings are dangerous and they call me in the  
dark.  
But everything gets twice as cold in marching for a  
lark.

There's loads of things I'd like to do, if I could find a  
time.  
Working really tires me and I think I'll turn to crime.

At a later date, I come out a soon.  
At a later date, before we hit the moon.

I just can't be bothered to make an effort here at all.  
People make your paying contributions all too small.  
I just can't be bothered to make an effort here at all.  
People make your paying contributions all too small.

At a later date, I'll be awful great.  
At a later date, someone somewhere blew it.  
At a later date.  
At a later date.
