In fear every day, every evening
He calls her aloud from above
Carefully watched for a reason
Painstaking devotion and love

Surrendered to self preservation
From others who care for themselves
A blindness that touches perfection
But hurts just like anything else

Isolation, isolation, isolation

Mother, I tried please belief me
I'm doing the best that I can
I'm ashamed of the things I've been put through
I'm ashamed of the person I am

Isolation, isolation, isolation

But if you could just see the beauty
These things I could never describe
This is my one lucky prize
This is my one lucky prize

Isolation, isolation, isolation
Isolation
