So this is permanence, love's shattered pride
What once was innocence, turned on its side
Grey cloud hangs over me, marks every move
Deep in the memory, what once was love

Oh, how I realized? How I wanted time?
Put into perspective, tried so hard to find
Just for one moment, I thought I'd found my way
Destiny unfolded, I watched it slip away

Excessive flash points, beyond all reach
Solitary demands for all I'd like to keep
Let's take a ride out, see what we can find
Valueless collection of hopes and past desires

I never realized the lengths I'd have to go
All the darkest corners of a sense I didn't know
Just for one moment I heard somebody call
Looked beyond the day in hand, there's nothing there
at all

Now that I've realized how it's all gone wrong
Got to find some therapy, this treatment takes too long
Deep in the heart of where sympathy held sway
Got to find my destiny before it gets too late
