A simple disagreement  
Over something so small  
That's how it always starts  
It ain't no one's fault  
We both had to be right  
That's when it all went wrong  
Making something out of nothing when we should have  
been holding on

We can get through this  
We can ride it out  
Love's what we're about  
We've been deeper down  
This is shallow water baby We've been up that hill  
It ain't no big deal  
Ain't no easy fix  
But we can get through this

Get out of that rain  
Baby come inside  
We're gonna kiss and make up  
If it takes all night  
Let a little misunderstanding  
Turn into a great big war  
Talk about quitting, we're forgetting what it really is  
that  
we're fighting for

We can get through this  
We can ride it out  
Love's what we're about  
We've been deeper down  
This is shallow water baby  
We've been up that hill  
It ain't no big deal  
Ain't no easy fix  
But we can get through this

A little more forgiveness  
Tenderness

We can get through this  
This is shallow water baby  
We've been up that hill  
It ain't no big deal  
Ain't no easy fix  
But we can get through this

We can ride it out  
Love's what we're about  
We've been deeper down  
This is shallow water baby  
We've been up that hill  
It ain't no big deal  
Ain't no easy fix  
But we can get through this

We can ride it out  
Love's what we're about  
We've been deeper down  
We can get through this  
We've been up that hill  
It ain't no big deal  
Ain't no easy fix  
But we can get through this
