Why's it gotta be so tough?  
I've yet to learn a thing about love  
After all that we've been through  
I still don't know how to love you, know how to love you

I just wanna get this out  
I wish I didn't know what I know  
These memories won't let me go

It's what keeps me in  
It's what locks me out  
Oh, faith don't fail me now

It's not your fault  
(It's all my fault)  
This wayward heart was bound to get caught  
Red handed and ashamed  
I let myself get burned by another flame

I just wanna get this out  
I wish I didn't know what I know  
These memories won't let me go

It's what keeps me in  
It's what locks me out  
Oh, faith won't fail me now

What can I say for this body now  
While I waste away?  
Let me out, I may fall apart  
But even if I do, you're faithful, aren't you?
