A simple offering is all that we bring  
We give our lives, claim you as King  
We are Your servants and before  
You we bow  
With every breath we make this vow  
CHORUS  
We will live to worship, give You praise  
With all our hearts for all our days  
Father we want to do what You  
Created us to  
We will live to woship You  
Our every moment is a gift of  
Your grace  
We are all Yours, now and always  
More than just words, o Lord  
The cry of our hearts  
Is to let our lives speak of how  
Great you are  
CHORUS  
You are worthy, You are holy  
You alone are deserving  
You are holy, You are worthy  
You alone are deserving  
CHORUS
