Just sit tight, Don't you even think about  
going anywhere  
Stay where you are, Open up your eyes  
to what's all already there  
What I'm about to tell ya,  
What I'm about to say  
Don't even let it throw ya,  
It just might change your day.

We're living in a charmed life, charmed life  
You and I, a charmed life  
ohh ho oh ho ohh

There's a well-lit sky hanging over everyone  
that's walking by  
It's plain to see what we've got is color  
in a world of black and white  
Don't even let it fool ya,  
We got everything we need  
Don't even let it throw ya,  
I know it's hard to believe

We're living in a charmed life, charmed life  
You and I, a charmed life  
ohhhh ohh ohhh

It's easier said than done, it's true, it's true  
But count your kisses one by one,  
we're living proof, we're living in a..

Charmed life, charmed life  
You and I, a charmed life, ohhhh ohhh  
Charmed life, charmed life  
You and I, a charmed life, ohh  
Just sit tight, Don't you even think about  
going anywhere
