If You Wanna Go

written by Joy Williams, Jamie Kenney & Ben Glover

One more time  
sitting in a silent stare  
and I'm the only one that's here  
Let's just get it all out  
Gimme every single word  
even if it's gonna hurt...

Cuz too many nights  
falling asleep  
with all of these doubts  
stuck in between us  
being polite is getting us nowhere now...

So if you wanna stay, just stay  
if you wanna go, if you wanna go  
just go  
So if you wanna stay, just stay  
if you wanna go, if you wanna go  
just go  
go far away, go far away...

so let's just fight  
maybe you could find some tears  
and I could feel something real again  
you and i know we need to figure this out  
tell me is it too late now...  
Cuz too many nights  
falling asleep  
with all of these doubts  
stuck in between us  
being polite is getting us nowhere now...

So if you wanna stay, just stay  
if you wanna go, if you wanna go  
just go  
So if you wanna stay, just stay  
if you wanna go, if you wanna go  
just go  
go far away, go far away...

We built too much just to stand and watch it fall apart...  
It hurts too much just to stay the way we are...

So if you wanna stay, just stay  
if you wanna go, if you wanna go  
just go  
So if you wanna stay, just stay  
if you wanna go, if you wanna go  
just go  
go far away, go far away...
