"Lose Myself"

I'm so sick of hiding myself in everybody else
I'm singing in a burning building and no one can help
Stuck in my own room holding the key
It's just me

I know I've got a long way to go
It's too easy to lose, lose myself
I need another way to find me
It's too easy to lose, lose myself

I can't count the lines I crossed
The little gray mistakes
So busy kissing fears that only suffocate
I'd turn this ship around if I knew where I was
But it's filling up

I know I've got a long way to go
It's too easy to lose, lose myself
I need another way to find me
It's too easy to lose, lose myself

Unpacking all the years
Too close to the fireworks
Watch out
Too close to the fireworks

I know I've got a long way to go
It's too easy to lose, lose myself
I need another way to find me
It's too easy to lose, lose myself
