First

This is your first step  
Light is caught in your eyes

Heart beats  
To the rhythm of the city streets  
Can you feel it Can you feel it

We are one  
We are reaching out  
We are one  
Can't you hear the sound

We are now  
And we're reaching for the sun  
We are We are We are

Breathe this beautiful world  
Together moving in the same direction  
It's happening every one connecting  
Can you feel it Can you feel it

We are one  
We are reaching out  
We are one  
Can't you hear the sound

We are now  
And we're reaching for the sun  
We are We are We are

Everyone is everyone of us  
Everyone is everyone of us  
Everyone is everyone of us

Everyone is everyone of us  
Everyone is everyone of us

Everyone is everyone of us

We are one

We are one

We are one

We're reaching for the sun

We are We are We are

We are We are We are

We are We are We are
