She's independent and beautiful  
Wish I could be like her  
She's got the girls and the boys  
So wrapped around her finger

Rumor is she's some kind of dream  
Nobody knows she cries herself to sleep  
We are not that different from each other  
We just want somebody to discover

Who we really are when we drop our guard  
That love has gotta start with you and me  
We

He's on the top of the social scene  
He's stylish, cool and clever  
He's gotta cool attitude that screams  
He's got it all together

You'd think he's addicted to himself  
But he wishes he could be someone else  
Gotta come together  
You know you never ever have to be alone  
You gotta hand to hold
