Amelie
Is in love with someone
Because she's scared of learning how to be
Amelie

C'est la vie
All the words she posts upon her mirror
Hoping one that she'll see
Amelie

Tenderly
She awaits it every move and query
With her heart out honestly
Oh, Amelie

Oh, where will she

Fill the vacancy that keeps her ransom
To a custom of defeat
Oh, Amelie

What you get is was you see
Yea, Amelie
She's so reverted and naive
Amelie
She's never noticed it from Eve
No, Amelie
She's such a heavy-hearted leg
Amelie
