(Verse 1 JOZE)

Did I ask to much I really couldnt tell  
Just me being honest lets let the truth prevail  
Cause now I'm gone and soon I know that time'll tell  
I put it on the table you threw it all to hell

I wanna see them fly they wanna see me bleedin  
Then wanna see me down they wanna see me need em  
Theyd love to see me mad theyd love to see me heated  
I work to hard to quit I'll never be defeated

Never run around power through the bull shit  
You know the button homie just go ahead and push it  
If you really love it you pay the cost or lose it  
I pay my dues and move baby we aint losin

I got my eyes up chin up to the sky  
I got my balance you can ride if you can keep up with  
me  
I got my eyes up chin up to the sky  
I got my balance you can ride if you can keep up with  
me

(Hook Joselyn)

Lie to me  
I don't mind at all

Bye to me  
Say it I'm gone

Trying to be  
Your trying to hard

A na na  
A na na

(Verse 2 JOZE)

Tie up all your shoe strings you will need to  
To keep up with me  
Keep up this pace that I started  
Riding on this negativity

Like this flow riding on the beat  
(Ouu)  
Quick to sit and talk and tell you yeah were friends  
I'm always here man  
And then when all these traps and problems snap  
They're here to talk until you need a hand  
I don't need those type of friends that tell me what I  
wanna hear  
And when shit hits the fan there every where in town  
but here  
(Nope )  
Sorry I'd prefer the truth  
Your always there to talk about my problems  
Actions are the proof  
In fact  
Chat I don't wanna do dat  
To many traps burnin up all my time  
Tell me what you want look at my eyes  
Not on your lips with me you'll never get tha chance to  
lie  
Watching all your actions  
So if you let me down it's my fault  
That I didn't have plan for it  
Success is earned  
No body is going to hand you it  
Man up suck it up whinin  
Never been a fan of it  
Gone like a bandit moves in tandem  
Juice these lemons that they hand em  
Lemonade drink it love it and I'm  
Goneeeeeee

(Hook Joselyn)
