(JOZE VERSE)

Every time you talk to me sounds like a lullaby
Call when you feel alone
If I got my music loud I probably wont hear the phone
We been workin everynight chippin at the goals we got
I don't wanna let them catch me slippin on my job (job)
You know that I've have given up a lot (lot)
I don't wanna stop now
Every level that we jump is packed with some new
sacrifices
So well have to make through these couple nights
alone
But you know that in the hour before I can go to sleep
I am constantly checking my phone

(HOOK JOZE)

I'll be on the phone til you fall asleep wishin I was there
with youuu
I'll be on the phone til you fall asleep I wish that I was
there with youu
I'll be on the phone til you fall asleep wishin I was there
with youuu
I'll be on the phone til you fall asleep I wish that I was
there with youu

I'll be on the phone til you fall asleep wishin I was there
with youuu
I'll be on the phone til you fall asleep I wish that I was
there with youu
I'll be on the phone til you fall asleep wishin I was there
with youuu
I'll be on the phone til you fall asleep I wish that I was
there with youu

(JOSELYN VERSE)

You see me over trying You see the hope and effort
You see how bad I want it You know I go and get it
You see the people roast me you see the scars I got
You see the people that are waiting for my car to stop

You know that every level that we raise the bar up

There gonna test me just a little bit harder
But in the hour before I can go to asleep
I'll be up until my phone beeps

(HOOK JOZE)

I'll be on the phone til you fall asleep wishin I was there
with youuu

I'll be on the phone til you fall asleep I wish that I was
there with youu

I'll be on the phone til you fall asleep wishin I was there
with youuu

I'll be on the phone til you fall asleep I wish that I was
there with youu

I'll be on the phone til you fall asleep wishin I was there
