Unweave, unravel unwind  
My soul has found a place to breath  
Unreal, unruly, unwise  
A place of rare release

IÂ'm in love with a man who misled me  
In love with a place no one knows  
In love with a sea that accepts me  
In love beyond reproach

Yeah IÂ'm lost in a view that amazed me  
IÂ'm lost in a note on the air  
IÂ'm lost in the ocean that raised me

IÂ'm lost beyond repair

Chorus

IÂ'm bewitched by the choir in the quarry  
Bewitched by the crash of the waves  
Bewitched by the kindness of strangers  
Bewitched but not awake

IÂ'm undone by the eyes that undress me  
Undone by the cut of your suit  
Undone by the buckle you fasten  
Undone and done for good

IÂ'm undone by your voice
