If you never listen to the words
You're gonna get what you deserve
And did you ever think
That you just might be wrong sometimes?

I got a universe of soul
So many things
That you don't wanna know
Exist in spaces
Between out there and below

At a million miles an hour
It'll knock you off your tower
Be the poison in your flower
Time for goodbye

Cancel the exhibition
Fade in the warning signs
Feel like I gave it all
But I no longer have the will to try

I wanna live without the guilt
Didn't even see the walls were built
I've been here before
But this time I won't be staying

At a million miles an hour
It'll knock you off your tower
Be the poison in your flower
Time for goodbye

Cancel the exhibition
Fade in the warning signs
Feel like I gave it all
But I no longer have the will to try

At a million miles an hour
It'll knock you off your tower
Be the poison in your flower
Time for goodbye

Cancel the exhibition

Fade in the warning signs
Feel like I gave it all
But I no longer the will so

Cancel the exhibition
Fade in the warning signs
Feel like I gave it all
But I no longer the will to try

Keep your money
Keep your things
Keep everything
Keep your things
And cancel everything
Stop
