Wasn't meant
To be so long in silence
But it took so long
To belong

I'm bored
Out of my tiny mind

If this is all it is
Then you're gone to heaven
Race you to the high openings
I never knew of

This is my time
This is my time

Wasn't meant to be
So down underground
Now I see the sun
And I feel like something good
Is gonna happen

It could always be
That you're there
And I'm here
We'll play around
And then sleep until
The night time comes

This is my time
This is my time

You wanna high
You wanna fly
Your feet are
In the underground

And different is indifference
And nobody's going to hear you, boy
But scream on dream on
Wasn't meant to be
So long in silence

This is my time
This is my time
This is my time
This is my time
This is my time

Coming home
Coming home
To you
