Some started with a smile
They ended of ith a cry
Is this right? Or wrong?
Because I started with a song

From the very day I saw you
I knew that you're love is true
Your eyes brings the song in you
Your voice has made my dreams come true

Chorus
With this song I gave you my love
With this song you be~ in my heart
I will cherished every tune you make
I will keep every breath you take
With this song~
I gave you my love

Repeat 2nd stanza
Repeat Chorus

Now that you're here with me
Singing songs under the tree
I wish our love will be forever
Coz our love's like no other

Repeat Chorus last line

With this song~
With this song~
I give you my love
Oh~ I give you my love
