It wasn't easy to get you
out of my head.
I tryed everything to make
sure it was dead.
Now I know I have to get
next to you.

Cause tonight im gonna make
sure you become mine to-to-
night.
I'll even do anything

Cause baby i'm stuck on you
and there nothing I can
do.(I can do)
Cause your someone I need
to get next to.(next to)
Baby i'm stuck on you
and there nothing I can
do.
I'm stuck on you, stuck on you,
Stuck on you like glue.

Every hour of my time I knew
it was harder to get
rid of you.
Your just like poison stuck
in my vains.

I love it cause I would
do the same.
To make sure you would
be with me forever.

Cause baby i'm stuck on you
and there nothing I can
do.(I can do)
Cause your someone I need
to get next to.(next to)
Baby i'm stuck on you
and there nothing I can
do.

I'm stuck on you, stuck on you,
Stuck on you like glue.

Now your in my dreams every
night.
So I'll be thinking of you
All the time, none stop, 24/7.

There no way I can get
Out of these obsession over
you.
But I call it love anyway's.
and do you call it love
too....

Baby i'm stuck on you
and there nothing I can
do.(I can do)
Cause your someone I need
to get next to.(next to)
I'm stuck on you, stuck on you,
Stuck on you like glue.
And I don't want you out of my head.
