Well I work like a dog eight hours a day you know I'm  
nearly dead  
When I stop by a bar on my way home and loosen up  
my head  
Lord knows this is a hard life sometimes it'll drive a  
man crazy  
And there ain't no pleasure in this life for me but the  
nighttime and my baby  
Well I'd love to ride all over town in a brand new  
Cadillac  
But on the money that I'm makin' it'll never be like that  
But money don't buy everything  
Like tender love that I always got at home just a waitin'  
And the only pleasure in this life for me is the nighttime  
and my baby  
When I get home she's always got good lovin' saved up  
for me  
Her warm sweet lips will make me forget all of my  
misery  
With her arms wrapped around me all through the long  
long night  
I wake up in the morning feeling right mighty right  
Start back to that old job again with the boss standin'  
over me  
Sayin' hurry up you gotta do your work that's the way  
it's gonna be  
Ten hours just keep on draggin' Lord don't you know  
that this life of mine ain't easy  
But I wanna thank you for sendin' me the nighttime and  
my baby  
Yeah I wanna thank you very much for sendin' me the  
nighttime and my baby  
Oh I don't know bout makin' a nap if it wadn't for the  
nighttime and my baby  
I believe I'd lose my mind if I didn't have the nighttime  
and my baby
