What's on the movies  
What's on the tube  
What's on a woman's mind  
I don't have a clue  
What's with this cell phone  
What the hell is wrong  
With my car  
I think I'll go in here  
Check it out  
And see what's on the bar  
What is the game plan  
What's with this job  
What's the problem at home  
That's the problem by far  
What's a matter with me  
Drinking friends let me  
Tell you the truth  
I've been close to love  
But no cigar  
So tell me what's on the bar  
Do you have a little Jim Beam  
Do you have a little green Jack  
Do you have a little coke and ice  
So I can knock it on back  
And when I get back from the dance floor  
My number one prior  
Is what's a girl  
And what's on the bar  
Can you make a Margarita  
Do you have a glass tall  
Do you have a bad that knows  
How to play an old  
Jimmy Reeves song  
Would you like to know the hot spots  
The best places by far  
Can't recommend what's on the menu  
But I know what's on the bar  
What's on your mind  
What's in your heart  
Well that's the difference in a  
Happy kind of life

Or just falling apart  
Do you wanna know the hot spots  
I know 'em near and far  
I don't know what's on the menu  
But I know what's on the bar  
Do you have a little Jim Beam  
Do you have a little green Jack  
Do you have a little coke and ice  
So I can knock them both back  
And when I get back from the dance floor  
My number one prior  
Is hello baby  
And what's on the bar  
What's a girl  
And what's on the bar
