Oh the games people play now Every night and every
day now Never meaning what they say now Never
saying what they mean So they while away the hours In
their ivory towers Till there covered up with flowers In
the back of a black limousine Talkin bout you and me
And the games people play Oh we make one another
cry Break our heart Then we say goodbye Cause our
heart say We hope to die Let the other one to blame
Neither one will ever give in So were gazing at an 8 by
10 Thinking bout the way It might have been Its a dirty,
rotten, shame Talkin bout you and me And the games
people play People walking up to ya Sayin glory,
hallelujah And they try to sock it to ya In the name of
the Lord They gonna teach you How to meditate Read
your horoscope And cheat your faith And furthermore
to hell with hate Come on and get on board Talkin bout
you and me And the games people play Look around
tell me What you see Whats happening to you and me
God grant me the serenity To remember who I am
Cause your giving up your sanity For your pride and
your vanity Turn your back on humanity And you don't
give a damn Talkin bout you and me And the games
people play (Repeat till end)
