I feel a little lazy
I gotta make a plan
To live in a hotel
Is heaven and it's hell

I don't know where I stand

My life is but a rumor
They're flying in the press
I'm dating every man
Why can't they understand
My life is not a mess

Even if the words are all untrue
I'll say to them, forever
What is overdue

[CHORUS]
Don't wait
'Cause when I fall in love
You will see the moon and every star
Declare it from above
One day
The world will feel a spark
Feel it in the day and in the dark
The day it's really love

For now I'm in a prison
That I put up myself
When papers start a fire
They're started by a liar
Who's cryin' out for help

I'll walk out in the lobby
Pout in a photograph
It's one day in the life
But it cuts like a knife
Nobody gets a laugh

Even if the words are all untrue
I'll say to them, forever

What is overdue

[CHORUS]

When I'm blue
Or feeling sad
I'm immune to anything they do

[CHORUS]
