Boy, I wish that it never had to come to this
It was hard to go another day without your kiss, yeah
I said some things that I really didn't mean to say
And I can't let my baby turn and walk away

So please stay
Don't leave
Stay a little while longer
We can work it out

Don't leave
Stay a little while longer
We can work it out

Please understand you hurt my feelings too, yes you
did
When you said you don't love me like I do, ooh
Let's talk about it then we can go from there
Can't let the time pass by 'cause love still in the air

So please stay
Don't leave
Stay a little while longer
We can work it out

Don't leave
Stay a little while longer
We can work it out

I don't leave
Think about our future baby, ohh yeah yeah yeah
Don't leave
'Cause I love you
Don't leave
Don't leave, ooh ooh ooh we can work it out

Stay
Don't leave
Stay a little while longer
We can work it out

Don't leave

Stay a little while longer
We can work it out

Stay a little while longer
Till we can work it out
Stay a little while longer
Till we can work it out
Stay a little while longer
Till we can work it out

Stay a little while longer
Stay a little while longer
Stay a little while longer
Stay a little while longer
