Verse

Try to act cool when shes around,
familiar silence fills the sound,
i hate this game,
we're all the same.

all the guys just stare and laugh my self esteem says i
got no chance,
we're all alone

chorus

Nothing to do, nowhere to go,
stuck here on my own.
Shes with her new boyfriend, its playing with my head,
this jealousy is bad.
Can you feel this can you see, theres nothing left for
me, ive fallen down,
who cares about a kid,
will you come to say goodbye again.

verse2

Why does it always end the same,

same old house same old game,
i hope you know,
we're all alone.
trying hard to not get caught,
lied to mum said it wasnt my fault,
we're all alone

chorus

Nothing to do, nowhere to go,
stuck here on my own.
Shes with her new boyfriend, its playing with my head,
this jealousy is bad.
Can you feel this can you see, theres nothing left for
me, ive fallen down,
who cares about a kid,
will you come to say goodbye again.

turn around, let her go,
pick yourself up now
