In the here and now I'll get through somehow
I'm prepared to do whatever it takes
We can take it slow, let our feelings grow
I'm prepared to sit back, relax, and wait

Fast forward through your fears
Skip ahead a couple of years
Find out if your dreams will ever come true
Fast forward through the tears
Skip ahead a couple of years
Find out if I am the one for you

Everybody has there price to pay
Me myself, I'll wait another day
To open up my heart to you
I know somehow you share these feelings too

Everybody has there price to pay
Me myself, I'll wait another day
To open up my heart to you
I know somehow you share these feelings too

Fast forward through your fears
Skip ahead a couple of years
Find out if your dreams will ever come true
Fast forward through the tears
Skip ahead a couple of years
Find out if I am the one for you

Sometimes I feel that this will pass
But in my heart I hope that this will last
I hope you feel the same as me
I just wish that I could find a way to see

Sometimes I feel that this will pass
But in my heart I hope that this will last
I hope you feel the same as me
I just wish that I could find a way to see

Fast forward through your fears
Skip ahead a couple of years
Find out if your dreams will ever come true

Fast forward through the tears
Skip ahead a couple of years
Find out if I am the one for you
