* appears on and is credited to the luke album listed

Jt: yo, bring me some cuts in (scratches) ... blast a final round ...

One punch and they're down ... don't be sweatin' me like no bloodhound

... know I'm sayin'? for yo' ass can't be found, know I'm sayin'? doin'

It like dat! peep game.

Verse 1: jt money

Well here I come, watch the way I rip on the dope tip

That suckas cannot cope wit, they get they fuckin' throat slit

Oh shit! it's that nigga jt,

Rippin' shit with my nigga l-u-k-e

In the new, 'cause I rule like a motherfucker

Don't give a fuck, plus I'm down to start (?), sucka!

Now if you're comin' with the same ol',

Snatch your heart out your chest like that nigga named kane-o

I'm all around that, 'cause I'm that nigga,

That'll fuck you up like a gallon of liquor

Put the fuck-shit up in the 9-4

Always fuckin' fine hoes and chargin' like rhinos

So niggas please don't test this

'cause if you test this, that must mean you got a death wish

Oh yes, it's, me and capt' dick,

Suckas can't see or hang with this rap shit!

And you know you can't follow this

Try to swallow this, and yo' punk ass will catch a hollow tip

In the lip, so you niggas better chill

With the ill, 'cause that's just how a nigga feel, word!!

[step up, what up?]

[that's how I feel!]

Verse 2: jt money

Fuck-niggas who try to diss get a fist in they mouthpiece

I represent the south-east, niggas know about these

Skills that I rip on a regular
Put yourself ass crop ahead with my cellular telephone
And it's on like that with the glocks
You'd think I was luke the way I make you fuck-niggas
hot
So don't stop, get it, get it, plus I'm wit it
And if you think you want some, well nigga, come and
get it
'cause my shit is just too dope,
Three dope, four dope, niggas know I'm no joke
Capt. dick told me to drop some rough shit
Throw up your set and I bet you'll get dust quick
Y'all motherfuckers know me
If I was out west, nigga, I'd be claimin' og
So don't front on the skills
It's like that, motherfucker, that's just how a nigga feel,
word!

[step up, what up?]
[that's how I feel!]

Outro: luke
See, fuck-niggas, we feel a certain kind of way down
here, certain kind of
Way that y'all niggas might not understand, y'know?
personally, we feel
Like y'all niggas fuck-niggas! that's how we really feel.
me and jt money,
The rest of the group, we feel that way, to tell y'all
niggas somethin'. you
Could be a hoe-ass nigga, you could be a bitch-ass
nigga, you could be a
Nigga that suck our dicks, if you wanna be that nigga.
don't get scared,
Fuck-nigga. 'cause we gots no love for you, nigga, we
gots no love for yo'
Bitch, nigga, we gots no love for yo' friend, nigga --
real niggas down here.
Yo, jt money, yours truly -- fuck y'all hoe-ass niggas.

[step up, what up?]
[that's how I feel!]
