## "Whatcha Want"

Visit "[Whatcha Want](#)" on MotoLyrics.com

Nigga, be the shit like manure  
No niggas true'er, gats go boo-ya!  
Slugs go through ya', give a fuck who ya' claim to be  
None of y'all niggas can't hang with me  
Gimme some room, let me slang these bow's  
Flaw ass niggas, trick ass hoes  
Pull a blade game, finna get you killed  
Fuck with mine, I'll split your wig  
Take no shorts, play no games  
Put it on your ass boy, it ain't no thang  
Chickens say j, let em stray  
Death to them niggas that playa hate  
Can't apologize nigga, it's too late  
Whatcha want boy, come meet your fate  
Know when you take, your ass gonna die  
I'm the last nigga you wanna try

Hook

Whatcha want boy, nigga what you want huh? (x8)

I keep my business on the low-down  
Cause the motherfuckers act like they so down  
Wait up hoe, sit your ass better slow down  
Cause I got enough bucks for us to go round'  
I'm the type of nigga to get in your town  
Find out where you live, kick your door down  
Run up in it, lay you and your hoe down  
Introduce both of y'all to the floor pal  
Better know pal, j don't play shit  
Real nigga from the m-i-a bitch

Flawed niggas in the game on their last leg

????

Better move that shit, before I come through  
Cause I'm a hit you with more than the 1-2  
I'm who, dat nigga you don't wanna fuck wit'  
Hit your white ass open like a dove shit  
Better bust bitch

Hook

It's a dirty game, niggas off the chain  
Better keep a thang, better bang-bang  
Gotta lay my hang up in this bitch  
Flaw ass niggas, I'm a bust your shit  
Money man comin', better start runnin'  
Nigga when I'm coming, believe I'm gunnin'  
Step to plate, i'ma shut you down  
Got them choppers to cut you down  
Wassup now, nigga still wanna play  
Fuck with j, be d.o.a  
Ain't no game, boy I said that before  
Put a nigga ass six feet below  
Nigga whatcha want, nigga whatcha need  
Don't wanna die, then you better take heed  
Rotten niggas gettin' beside theyself  
Nigga like me, get bad for your health boy

Hook
