Uhh, me and my girls rollin deep, represent the Sole
Bunch of fly-ass bitches, when we ride it's on
See them niggaz all pause, droppin digital phones

Askin me, where you from, cause they wantin to clone,
niggaz..

Them lines, they spit, they want, my shit
But game, be wack, I turn, my back
Then hear that you're lickin, stickin it
Tell all your friends that you're dickin it
Swingin on them ???
Hi-Fi shit nigga, get sick with this, say
Who dey? Who dat? No chance, blew dat
When you said that you wrote this
Have Red Zone niggaz on blow for this bitch
Don't you deny it nigga, don't even try it nigga
You makin claims that you laid wit the fly nigga
Don't know, your name
It still, remains
That you, would say
You fucked Sole'
Everytime they turn a back, burn tracks
Niggaz wanna say they've earned stacks
Dick be jack, picture that
Say my name I'm the one, who the fuck is dat? Why?
