"A Kiss Goodbye"

You never thought that I would get over you
Oh what an illusion
That I could never, find a man like you
But deep inside
But deep inside you know it
I'm the stronger one
I'm a survivor
Will live my life alone
'til I find someone
Who doesn't run
When love is gone
CHORUS
Give me a kiss goodbye
Oh darling
I hold my head up high and without you
I will survive
There's no way I'll fall
I'm standing tall
Give me a kiss goodbye
Oh baby
Cause I won't live a lie and without you
I fly so high
I'll get over you
You know it's true
In a world of dreams life was beautiful
Oh what an illusion
We gave it all for love we were powerful
But I know now
But now I know you fooled me
With your masquerade
I've been betrayed by love charade
CHORUS
Oh I'll get over you
You know it's true, yeah
So give me a kiss goodbye
I will survive
I fly so high, yeah
CHORUS
